Policy Updates

Application Support Materials

Applicants are responsible for sending all support materials to the Board. Applicants must not direct supporters to send materials directly to the Board. If a supporter sends a letter directly to the Board, the Board will not consider it. These requirements are specified in the amended [Rule 5](#) of the Board's Rules of Practice and Procedure.

Temporary Taxi Camera Surcharges

The Board has a new Operational Policy relating to requests for temporary taxi camera surcharges. The policy outlines the information that licensees must submit to the Board if they want a surcharge.

New policy for taxi cameras:
