## **Taxi Toll Surcharge for the Golden Ears Bridge is reset to reflect end of discount**

### *Background*

The Board amended its rule respecting taxi toll surcharges for the Golden Ears Bridge.

The amendment is made as TransLink ends its 30% discount for off-peak travel across the bridge. The discount was in place from April 15 to May 27, 2011.

The amended Board rule resets the toll surcharge for taxis so it reflects the TransLink toll.

### *Amended Rule*

When passengers hire a taxicab and are transported over the Golden Ears Bridge, taxi operators must charge a toll surcharge of **\$6.70**.

Taxi operators must advise passengers of the toll surcharge **before** the meter is turned on.

The amended rule, *Golden Ears Bridge Taxi Toll Surcharge*, is posted on the Board's web page for [surcharges and tolls](#).
