2008 PDV Fleet Size Review Outcomes

On October 21, 2008, the Board completed its first review of the maximum fleet sizes of licensees with special authorization to operate passenger directed vehicles (PDVs). The reviews are conducted under section 31(4) of the Passenger Transportation Act.

PDV fleet size reviews are limited to licensees that have been operating below the maximum allowable fleet size for at least 2 consecutive years. The reviews were specific to each licensee. When a review is conducted, the maximum fleet size may remain unchanged, or the Board may reduce the maximum fleet size to reflect actual or planned levels of operation. In 2008, the Board reduced the maximum fleet size for the 19 licensees listed below. For [more information](#), see the [Board Operational Policy for PDV fleet size reviews](#).

Licencee and PT licence number	Maximum Fleet Size (Previous)	Maximum Fleet Size (Revised)	Determination Date
