#### Who is this list for?

This list is for taxi licensees in British Columbia who want to know which 2011 vehicles meet the Board definition of eco-friendly taxi. It supplements the Board's 2011 Eco-Friendly Taxi Guide. This document lists each edition for all vehicle models in North America. The information originates from Natural Resources Canada ("NRC"). The "combined fuel consumption rating" ("CFCR") for each vehicle is calculated by the Board using NRC city and highway ratings.

#### Advisory

*Before buying, leasing or renting vehicles for use as a taxi, operators are advised to read the document Provincial and Federal Commercial Vehicle Safety Requirements*

<http://www.th.gov.bc.ca/forms/getFile.aspx?formId=1172>

*and obtain Board approval to operate the taxi.*
